

Award-Winning Nursing and Rehabilitation Services since 1969!

Joint Commission Award. The Gold Standard of Healthcare. Golden Crest is one of eight RI Nursing Facilities to achieve this distinction which exceeds state and federal regulations.

National Quality Award. The American Health Care Association honors providers nationally who have demonstrated commitment to improve quality of care for seniors and disabled persons. Golden Crest is one of seven RI facilities to receive this award.

Excellence in Action Award. This award recognizes the highest level of excellence in skilled nursing, assisted living and independent living communities. Validated by resident's and/or employee's satisfaction scores which fall in the top 10% of "My Inner View" database - the largest satisfaction measurement and quality improvement database in the country.

Commitment Compassion Consistency

Compassion. Commitment, Consistency

A tradition for 50 Years

Compassion. Kindness, caring, and a willingness to help others.

Commitment. Dedication to putting the needs of our residents first.

Consistency. Performing at the highest possible level, in every department, each and every day.

***These are the principles that have guided
our staff of professional caregivers for 50 years!***

What our rehab clients are saying...

“My experience during my rehab stay at Golden Crest was A #1! The meals were delicious and the staff involved with my care were superior. I would recommend Golden Crest to all who are seeking quality rehabilitation care.”

John McCarthy, North Providence

“The care I received at Golden Crest during my double knee replacement was exceptional! The entire staff from housekeeping to dining room, nursing and rehab...everyone was thoughtful and caring.”

Peter A. Filippi, Johnston

Short-Stay Rehabilitation

In our state-of-the-art Rehab Department, full-time on-staff therapists provide therapy 7 days per week to help our Post-Surgery Rehab clients make a quick and successful recovery after surgery or illness.

Long Stay Care

We provide our residents with all the comforts of home, a vibrant activities program, and the very best in round-the-clock nursing care.

Alzheimer's Care

We work to foster an increased sense of security, a decreased dependency on medications, and an overall improved quality of life. That means comfort and security for your loved one, peace of mind for you.
