***We are proud to announce*** that Golden Crest Nursing Centre has earned three great distinctions this year:

- The prestigious *Excellence in Action* award for achieving exceptional overall resident satisfaction.
- The *AHCA Bronze* award for commitment to continuous improvement in nursing care.
- *Joint Commission* accreditation. Joint Commission accreditation is the gold standard of health care. Our standards of care exceed those of state and federal regulations.

**Golden Crest is the only Rhode Island skilled nursing facility to earn all three distinctions. Congratulations to all our staff!**
